

PACIFIC PROFILES

*The tailplane of Profile 72. The 81<sup>st</sup> Dokuritsu Chutai was the only reconnaissance unit in New Guinea known to paint its horizontal stabilisers.*

*The common Mitsubishi light grey as applied to all Mitsubishi Ki-46-IIs is displayed on this captured example in the Philippines. (courtesy Darryl Ford)*

*Ground crew push a Ki-46-II from an unidentified reconnaissance unit under a camouflage net at But 'drome sometime in 1943.*
