

APRIL TO JULY 1941 · HUMBLE BEGINNINGS

*Spitfire Mk II P7973 as flown by Squadron Leader Keith “Bluey” Truscott. The code letters “RH” are supposedly the codes of the RAF Central Gunnery School but may also refer to “red head” in reference to Truscott’s hair. The aircraft is now in the Australian War Memorial.*

*No. 452 Squadron Spitfires at Kirton-in-Lindsey airfield prior to the July 1941 move to Kenley.*
