

OPERATION I-GO

*Curtiss P-40K Kittyhawk A29-166 in a Milne Bay revetment. The nose art on this fighter was almost identical to that on P-40E A29-113 which Squadron Leader Dick Cresswell flew in the Northern Territory. The motif represents the RAAF, Australian, English and US flags.*

*Flying Officer John Hodgkinson poses with his No. 77 Squadron Kittyhawk P-40K Hodgie.*

*As seen here, some No. 77 Squadron P-40Ks had elaborate nose art.*
